JOAN A

SOFTWARE ENGINEER FRESHER

ABOUT ME

A dedicated and enthusiastic second-year BSc Computer Science student with a passion for learning new technologies and watching web series and movies. Possessing foundational knowledge in programming and web development, I am eager to apply my skills in practical settings while continuing to expand my technical expertise. I am a quick learner who enjoys problem-solving and working collaboratively on projects.

TECHNICAL SKILLS

Programming Languages:	Web Development:	Tools:
• Basic Java	• HTML, CSS	• VS Code
• Python fundamentals	• Able to create multi-page static websites	• Eclipse

HANDS ON EXPERIENCE

Personal Portfolio Website

- Designed and developed a responsive 4-page portfolio website using HTML and CSS

- Implemented navigation menu, contact form, and project showcase sections

- Optimized for different screen sizes with basic responsive design principles

---
